

Attending St Paul's Sunday Services

At all times please maintain the appropriate 1.5m distancing

Government regulations tell us we must keep records of all people who enter our site. In addition to this there are strict 4m² capacity laws we must adhere to. As such, we have set up a registration system for our Sunday Services.

Please register your intent to come to a Sunday Service. You can register for a service up to the time the service starts.

Register Here stpaulschatswood.eventbrite.com.au

When you arrive at church:

- Please arrive no more than 15 minutes before the start of the service
- Only the entrance from the car park will be open
- Please use the hand sanitiser provided
- As you enter the building you will have your temperature taken
(if you have a temperature of more than 37.5 we'll have a chat and you, and anyone else in your family group, may be lovingly asked to leave.)
- Please proceed to the Check-In area where we will check your registration
- You will then be directed into the church building
- If you have children in KidsChurch please sign them into their groups as soon as you have checked in – they will not be coming into Church first.
(A KidsChurch Team Member will be available upon your arrival to help out with any questions).

In the church building you will find that the chairs have been set up in an appropriately distanced manner. If you are sitting in a family group you are able to move the chairs closer together. Otherwise we ask that you leave them as they are set. Once you find a seat, please do remain in that seat and not then take a seat elsewhere. *(please put the chairs back at the end of the Service if you do move them).*

The music team will lead us in worship throughout the service. We won't be singing together for a while however please do feel free to hum, clap and engage as you feel comfortable (without singing) in worship to our Lord and Saviour.

We also won't be able to enjoy morning tea together just yet. After the service we do ask that you leave the building as quickly as possible.

Importantly, if you are feeling unwell for any reason please stay home and enjoy the Livestream.
